Ague Cure

Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Billous Fever, and all malarial disorders. In miasmatic districts, the rapid pulse, coated tongue, thirst, lassitude, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only ness of the spine and extremities, are only premonitions of severer symptoms which terminate in the ague paroxysm, succeede by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Specifics," "Syrups," and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their own drug poison in the system, producing quinism, dizziness, ringing in the ears, headache, vertigo, and other disorders more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly system, and always cures the severest cases It contains no quinine, mineral, or any thing that could injure the most delicate patients; and its crowning excellence, above its cer-tainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, Aver's Ague CURE, by direct action on the liver and bil-iary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition. We warrant it when taken according to

MADE FROM THE BERRY IN COMBINATION WITH THE EXTRACT OF BLACKBERRY ROOT. It is almost needless to say that this preparation, for an effectual and certain cure for Dysentery, Acute and Chronic Diarrhosa, Flux, and all kindred diseases, far excels any other known remedy. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known.
